

Le'bel Impact

Bring along a photo (or two) of your loved ones and turn this:

into this

Belinda and Leigh can etch most photos onto a gold plated or nickel plated pendant. You can then choose if you would like it to be a key ring or a necklace. We will add this attachment for you.

Bring along your favourite photos, they don't have to be digital, and we will do this for you on the day.

We can also take orders if you don't have time or forget your photo's so don't despair.

With prices starting as low as \$25 you can't lose with one of these great gift ideas.

Also don't miss out on the show special which is \$5 off for the whole weekend!
